

3RD GERMAN – EAST EUROPEAN & CIS HEALTH FORUM
Resilience Building and Innovation Exchange in the Health Sector:
State of Affairs and Cooperation on the Russian and CIS Markets

October 23, 2020

Official Side Event of

The German-East European & CIS Health Forum, organised by the German Eastern Business Association and the German Health Alliance, brings together high-ranking political and business decision makers from Germany and Eastern Europe for first-hand information exchange and networking. The third Edition of the Forum, Official Side Event of the World Health Summit, dwells on resilience building and innovation transfer focusing on the Russian and CIS markets.

The Forum takes place as an online video conference via Zoom with a simultaneous German-Russian translation. Please register your participation [here](#).
